****As used in this document, the term parent includes legal guardian or person in a parental relationship. For the purpose of special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred or a foster parent, as defined in OAR 581-015-2000. THE STATUS AND DUTIES OF A LEGAL GUARDIAN ARE DEFINED IN ORS 125.005 (4) and 125.300 – 125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of those factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed, pursuant to ORS 109.056.**

Reedsport School District's Vision & Mission Statements

Mission Statement:

"We are an inclusive community, with heart, empowering all who enter our doors."

Vision Statement:

"Empowering individuals to reach their full potential and achieve their goals."

ADMISSION

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the District or who applies for admission to the district as a non-resident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a non-resident student.

Alternative educational services will not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

While parents have the option of placing their students in a private school or obtaining additional services, (such as tutoring), from a private individual or organization, the district is not obligated to cover resulting tuition costs. If a parent wishes the district to consider a publicly funded private placement or private services, the parent must give the district notice and opportunity to propose other options available within the public-school system before the private placement or services are obtained.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement request.

Board policies JEC, JECA, JECAA, JECB, JECB-AR.

ALTERNATIVE EDUCATION PROGRAMS**

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon State Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may, based on district criteria provide alternative education programs for students expelled for violation of applicable state or federal weapons law.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

The district pays the alternative education program cost or an amount equal to 80% of the district's estimated current year's average per student cost, whichever is less, for placing students in non-district alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semiannual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program. Board policies IGBHA, IGBHB.

ALTERNATIVE EDUCATION PROGRAMS – ESTABLISHMENT

Proposals from parents or students for the establishment of an alternative education program shall be submitted in writing to the superintendent or designee.

Proposals for alternative education programs shall include the following:

Board policy IGBHC.

ASBESTOS

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The head custodian serves as the district's asbestos program manager and may be reached for additional information. Board policies EB, EBA.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action. Board policy INE.

ASSESSMENT PROGRAM

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide assessments as provided by state law. The district shall provide the required notice and necessary forms for opting-out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment. Board policies ILBA, ILBA-AR.

ASSIGNMENT OF STUDENTS TO CLASSES

The Highland Elementary Staff begins the process of developing classroom placements for the upcoming year each spring. Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Creating balanced classrooms with the ultimate goal of ensuring all students receive the very best educational opportunities is at the forefront of Highland Elementary School's placement process. Requests to change a student's assigned class must be directed to the principal in writing. Final decisions are the responsibility of the principal. Our goal is for every student to be in a supportive and challenging environment. Board policy IHB.

ASSIGNMENT OF STUDENTS TO SCHOOLS

Students are required to attend the school in the attendance area in which they reside, unless as otherwise provided by state and federal law. (Exceptions may be allowed in certain circumstances. Contact the school office for additional information).
Board policy JECBB.

ATTENDANCE

Consistent attendance is key to school success.

All students between the ages of 7 and 18, who have not completed grade 12, are required to regularly attend a public full-time school unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

The district will notify the parent in writing and in the native language of the parent, that, in accordance with law, the administrator will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or review of the student's current IEP.

Any person having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required.

Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

Irregular Attendance Process

When irregular attendance is identified, the following steps will be implemented until the problem is corrected.

LEVEL 1	Verbal communication with the student and possibly parent/guardian.
LEVEL 2	When absences reach 10%, attendance secretary will send letter to parent/guardian notifying of the attendance problem, pertinent law, and student’s attendance information.
LEVEL 3	When absences reach 13%, building administrator will send letter to parent/guardian notifying of the attendance problem, pertinent law, and student’s attendance information.
LEVEL 4	When absences reach 16%, building administrator will send Notice of Compulsory Attendance Noncompliance and establish a required conference with parent/guardian and other school staff as determined appropriate. Conference will be conducted.
LEVEL 5	When absences reach 20% (twice the State Truancy) parents will be cited into court under the provisions of law.
LEVEL 6	Court appearance required and decision of judge

When Do Absences Become a Problem?

Absences and Excuses

When a student is absent, the parent/guardian is asked to contact the school, or the Reedsport School District's Global Connect System call will contact the parent/guardian regarding the student's absence.

When returning to school after an absence, a student must bring a note signed by the parent/guardian that describes the reason for the absence.

Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. (Confirmation of appointments may be required);
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify parents/guardians by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent/guardian. If the parent/guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse or office. The school nurse, classroom teacher or office staff will decide whether or not the student should be sent home and will notify the student's parent as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment. Absenteeism will not be used as a sole criterion for the reduction of grades. **A student who is absent from school, whether illness, family activity, doctor/dental appointments or out of school suspension, will not be allowed to participate in school-related activities (or be on school property) on that day or evening.**

Tardiness

1. Students are tardy when not in class and ready to work at the beginning of the school day – 8:10 a.m.
2. Tardy students are to report directly to the office.
3. Excused tardies may include family emergencies or being detained by a staff member.
4. Four unexcused tardies count as one unexcused absence.

Truancy

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, expulsion and ineligibility to participate in athletics or other activities. Board policies JEA, JEBA, JED, JEDA, JEF-AR, JEFB.

BICYCLES ON SCHOOL GROUNDS

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law. Bikes should always be walked on school grounds. The district assumes no responsibility or liability for loss or damage to vehicles or bicycles. Board policy JHFC.

BIRTHDAY PARTIES

Birthday parties are discouraged during the school day. If you wish to send a treat, please contact your child's teacher **two days** prior to the day. Treats containing nuts or excessive sugar are discouraged. **No party invitations or birthday gifts may be passed out at school unless there is enough for the whole class.**

CLASSROOM CELEBRATIONS

Highland Elementary School recognizes the need to celebrate seasonal holidays with respect for all individual beliefs. Classrooms may hold seasonal celebrations on the school day on or near a holiday. Opportunities for students to celebrate in a traditional manner are acceptable during that last hour of the day. If a costume is included it must be appropriate and should not include look-a-like weapons, threatening or disrespectful attire. Not all classrooms participate in seasonal celebrations including costumes.

Due to the **County and State Health Department** concerns for the continued danger of spreading hepatitis, only **pre-packaged commercially prepared food items may be brought to school** for classroom parties and other special events.

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as sports teams may establish rules of conduct and consequences for misconduct that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct the consequences specified by the district shall apply in addition to any consequences specified by the organization. Board policies IGD, IGDD, IGDA.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone the school nurse so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to while the disease is contagious. This restriction is removed by the written statement of the physician, physician assistant, nurse practitioner, local health department nurse or school nurse that the disease is no longer communicable to others in the school setting. The following restriction may be removed by a school nurse- chicken pox*,

cholera, diphtheria, measles, meningitis, mumps*, whooping cough, plague, rubella, scabies*, staph infections*, strep infections* tuberculosis, pandemic flu.

For head lice, indicated by a double asterisk (**) below, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated, and student is excluded with live lice only. Parents with questions should contact the school office/nurse. Board policy JHCC, JHCCF.

CONFERENCES

Conferences are scheduled for the fall and spring. The purpose of the conferences is to review student progress and goals. Teachers may request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary. Highland encourages families in need of additional information or with questions or concerns to contact the classroom teacher or principal. A parent who wishes to contact a teacher may call the office for an appointment before or after school, during the teacher’s preparation or request that the teacher call the parent to arrange a mutually convenient time. Board policy IKAB.

CRIMINAL BACKGROUND CHECKS

In an effort to ensure the safety of our students, all volunteers, to include parents chaperoning a field trip, watching swimming or eating lunch in the cafeteria are required to complete an annual Criminal History Verification of Applicants/Volunteers and a background check.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. [If the cost is \$50 or more, the district will notify the student and parent.] The district will notify students and parents of all such charges. If the amount due

is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade reports, diploma and records may be withheld. See Fee, Fines and Charges. Board policy ECAB, JFCB.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action. A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug, or drug paraphernalia, alcohol and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

When students commit drug and alcohol-related offenses, school-imposed discipline may also include completion of a district selected and approved drug and alcohol assessment and rehabilitation program. Board policy JG, JGB, JGD, JGE.

Detention

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged. Board policy JGB.

Discipline of Students with Disabilities

When a student being served by an Individual Education Program (IEP) engages in conduct which would warrant suspension of more than ten days or expulsion for a student without disabilities the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability; the student may be disciplined in the same manner, as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior, which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others. Board policy JGDA/JGEA.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or C) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the
Student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing. An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property. The district may require a student to attend school during non-school hours as an alternative to suspension. An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision. Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

Schoolwork missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the

suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

DISTRIBUTION OF MATERIAL

All aspects of K-8 school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school sponsored media. School sponsored media prepared by student journalists are subject to reasonable time, place and manner restrictions pursuant to state and federal law.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a non-student without the approval of the administration.

Materials not under the editorial control of the district may be subject to administrative review, restricted or prohibited, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction or approval of the district.

The district may designate the time, place and manner for distribution. If material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved. Disapprovals may be appealed by submitting the disapproved materials to the principal; material not approved by the principal within 3 days is considered disapproved. This disapproval may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present his/her viewpoint. Board policies IB, IGDB, IIBGB, KJA, KI.

DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.

Students are expected to come to school neatly groomed and dressed appropriately to reinforce the learning environment. The school is considered a place of business and expects students to dress accordingly. Good grooming and proper dress are important at all times.

Any form of dress or hairstyle which is considered contrary to good hygiene or which is disruptive to the purpose or conduct of this school will not be permitted.

The following are guidelines for dress and grooming at Highland Elementary School:

1. One should dress in a manner that is neat, clean and suitable for school and for learning.

This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct. Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment. Parents are encouraged to contact the school office for information on district and community resources available to assist students in need. Board policy IGAEB.

ELECTRONIC DEVICES

Students may possess personal communication devices; however, **students are required to keep the device turned off and put away during the instructional school day or at any other time where such use of the device would cause a disruption of school activities. Staff will have students store their devices in their backpacks or arrange to have the device store in an alternate secure location in the room/building.**

Staff will operate on a "See it/Hear it" protocol;

1st time: Warning, staff will remind students of expectation

In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school.

Parents are encouraged to update emergency contact information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form. Notice will include the reason the student owes money to the district, and itemization of the fees, fines or damages owed and the right of the parent to request a hearing.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/ or penalties, until the debt is paid, and possible referral of the debt to a private collection agency or other methods available to the district.

A request to waive the student's debt must be submitted in writing to the principal or designee. Fees, fines and charges owed to the district may be waived at the discretion of the principal or designee if:

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
3. The creation of the notice of the debt owed would cost more than the potential total debt collected relating to the notice;
4. There are mitigating circumstances as determined by the principal or designee that preclude the collection of the debt.

Such requests must be received no later than 10 calendar days following the district's notice.

All such restrictions and/or penalties shall end upon payment of amount owed.

FIELD TRIPS

Field trips may be scheduled for educational, cultural or other extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. This means that students are subject to the school's student conduct rules, applicable board policies and such other rules that may be deemed appropriate by the field trip supervisor.

A student can lose the privilege of participating in a field trip when their behavior consistently violates the Student Code of Conduct.

All students must have a signed parental permission form to attend the field trip, or they will not be allowed to attend.

Only students from the grade level(s) scheduling the field trip may attend.

Only approved chaperones and designated staff members may ride the bus on field trips.

All chaperones will be required to have a background check prior to attending any field trip.

Chaperoning is on a first come first go basis, as students and teachers may limit the number of seats available for chaperones to ride on the bus. Car-pooling of chaperones is permissible, but all students must ride the bus to the designated field trip. Parents may transport their own child coming home from the field trip, but not those of other parents.

Legal guardians may pick up only their children from a field trip once they have signed a release form from the teacher responsible for the field trip. Board policy IIC.

All such funds will be expended for the purpose of supporting student activities at school. The principal is responsible for administering student activity funds. The student body business manager serves as the student government representative in administration of student activity funds. Board policy IGDG, IGDF.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements. A gang is defined as any group that identifies itself through the use of a name, unique appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional

guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation.

No student shall use any speech, either verbal or non-verbal (gestures, handshakes, etc.) signifying gang membership or affiliation. No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies. Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct. Board policy JFCE, JFCEA, JFCM.

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on non-attendance due to religious reasons, a student's disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course. Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons. Board policy IKAD.

A student is permitted to remain in his/her school of origin for the duration of his/her homelessness or until the end of any academic year in which he/she moves to permanent housing.

Board policy JECBD.

HOMEWORK

PURPOSE: We believe that the purpose of homework is to allow for the practice of skills, to develop a sense of responsibility and independent study habits in students, and to establish a routine of daily study time. Students may have homework/daily study time to:

- Complete work started in class
- Complete make-up work from absences
- Enrich classroom lessons
- Practice and reinforce skills (math facts, spelling words, reading, etc.)

GUIDELINES: Each classroom teacher sets expectations for student homework. Students should expect to spend 20-40 minutes on homework each afternoon or evening. Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest. Whatever the task, the experience is intended to be complimentary to the classroom process. Generally, teachers will not assign homework on weekends or holidays, although there may occasionally be exceptions, such as completing work missed due to absence, or overdue assignments. Students may also choose to spend some weekend or holiday time working on long-range assignments.

DAILY STUDY TIME: There is the expectation for daily study time. Daily study time may consist of completing assignments not completed in class, studying spelling words, reviewing math facts, studying for tests, reviewing daily reading from textbooks, reading for pleasure, or a parent reading to their child. If a child does not have homework assigned, parents are encouraged to have their child spend their daily study time in a combination of the listed activities. Again, typically approximately 10 minutes per grade level should be spent on homework or study time each evening. By having your child read or study, even when no assignment is due, you are helping to develop in your child the habit of studying on a regular basis.

PARENT SUPPORT: Parents can help their children with homework/study time by providing a quiet place in which to work, appropriate materials, and a consistent time each day in which to do homework or study time. While parents should not do the homework for their child, they can help by being available to help their child, by providing positive reinforcement, and by making sure assigned work is completed and returned on time. If a child does not have homework, they may use study time to work on reading, studying math facts, studying spelling words, etc. While often not thought of as homework, these activities are important for developing skills and for establishing regular study habits.

Parents may request homework for a child who misses two or more days of school by calling the school office. If homework is being requested due to an absence, a 24-hour notice is required.

Late work will not be accepted beyond one week from when it was due without teacher approval. Full credit will only be received for late assignments when the student has had an excused absence. Board policy IKB.

IMMUNIZATION.VISION SCREENINGS AND DENTAL SCREENING

A student must be fully immunized against certain diseases or must present a certificate or statement that, for religious, philosophical beliefs and/or medical exemption, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as he/she has met immunization requirements. Parents will be notified of the reason for this exclusion. A hearing will be afforded upon request.

The parents of a student who is 6 years of age or younger and is beginning an education program with the district for the first time shall, within 120 days of beginning the education program, submit a certification that:

1. The student has received a vision screening or eye examination; and
2. Any further examination, treatments or assistance necessary.

The certification is not required if the parent or guardian provides a statement to the district that:
