

REEDSPORT SCHOOL DISTRICT

POLICY: FREE AND REDUCED-PRICE MEALS

CODE: EFB

The food service program is operated under the National School Lunch Program. The district receives federal money to help provide free and/or reduced meals to children whose families cannot pay the full price of the meal.

Application forms with instruction letters and qualification information are available in each school building. To apply for free meals, the application form must be completed by an adult member of the family and returned by mail or in person to the principal of the school the children attend.
