

REEDSPORT SCHOOL DISTRICT

POLICY: TALENTED AND GIFTED STUDENT RECORDS

CODE: IGBBE

The records developed during the identification of talented and gifted students shall be considered behavioral records. These records may include behavioral, learning, and/or performance information; tests of mental ability; and other achievement tests used for identification of academically talented students.

Behavioral data taken for any student considered for talented and gifted programs will be placed in a talented and gifted behavioral file.

The release of these records requires consent of at least one of the student's parent(s)/guardian(s) and shall be released only in the presence of an individual qualified to interpret the records.

The persons qualified to interpret the records are the school principal, a school counselor, and/or a staff member with the background to interpret psychological test information, psychological reports, intelligence test information, or other similar information.

These records are to be retained for a period of three (3) years after student departure.
