

REEDSPORT SCHOOL DISTRICT

POLICY: TEACHING ABOUT CONTROVERSIAL ISSUES

CODE: INB

The Board supports the inclusion of controversial issues as part of students' education. The presentation and discussion of controversial issues will be informative. The development of ability to meet issues without prejudice and to withhold judgments while facts are being collected, assembled and weighed, and to see relationships before drawing inferences or conclusions are among the most valuable outcomes of a free educational system.

Teachers will present both sides of controversial issues and will guard against giving personal opinions until students have had an opportunity to:

1. Find, collect and assemble factual materials on the subject;
2. Interpret the data without prejudice;
3. Reconsider assumptions and claims and to reach their own conclusions.

By refraining from expressing personal views before and during the period of research and study, the teacher will encourage students to search after truth and to think for themselves.

Before launching a class in the study of an obviously controversial topic, a teacher will discuss with the principal:

1. It's appropriateness to the course;
2. It's appropriateness for the students' maturity level;
3. The approach to instruction;
4. The teaching materials to be used.
