Dear Parent(s)

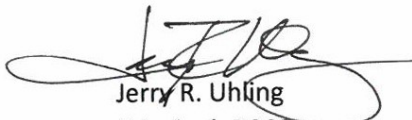

27 January 2021

As we begin the second semester I just want to address a few things. As you are hopefully aware grades 7-10 are allowed in the building four days a week starting February 1, 2021. If you haven't been coming in the building and wish to start please have your student(s) come to the office the first day that they arrive, as we may have to adjust schedules depending on certain class sizes and how many students decide to come back to school. Grades 11-12 can come two days a week with Seniors days being Mon and Wed and Juniors being Tues and Thurs.

Due to the difficulties of distance learning our staff are working on proficiency tests that students may take if they have failed a class this fall semester. They are currently working on grades 9-12 because those grades are credit based and are needed for graduation. Those hopefully will be ready by February 5, 2021. Anyone passing a proficiency based test will receive a Pass for the Semester and earn the credit. We are doing this in lieu of having students repeat the semester in the fall. Anyone wanting to take a proficiency based test needs to contact their teacher and set up a time that they can come to the building and take the test.

Starting Monday February 1, 2021 we will have tutoring in the library from 11:15-12:00 pm. If students need individual help from their teacher's, they may also make contact with that teacher to get help from them as well. On Fridays starting February 5, 2021 we will have tutoring from 8:00-12:00 in Room 1.

Thank you

Jerry R. Uhling
Principal, RCCS
