To the Parents and Family of Owen Casey,

Despite our short time together I have enjoyed the time I have had teaching Owen. Owen has shown a strong curiosity, a strong moral compass, and a wonderfully artistic side. With good humor and a strong work ethic, I can depend on Owen to be working on the assignment at hand and to ask questions that are pertinent and often enlightening. Owen's positivity is radiating, helping to create an overall classroom community that is encouraging and nurturing. As a reliable classroom leader, I know I can look to Owen to be setting the example of on task behavior and meaningful engagement with the lesson.

Owen has shown a wonderful curiosity in a great many subjects. He is a student who wants to learn and enjoys the seemingly endless threads of knowledge he needs to pull to unravel the sweater of wisdom. Owen is Johnny on the spot with a meaningful question, one that requires a deeper dive into a topic than just what the surface level. If a question sparks more questions, he has the drive to ask the next clarifying question and the next and so on until finally I have to tell him that we don't have the time to expand any further.

As a 6th grade student, I rely on students like Owen to help set the pace and expectations to our 5th graders; and there is no student I would entrust this task to more than Owen. Owen is self-motivating, and self-regulating, and has avoided the pitfalls that start to trap so many a 6th grader. As pseudo-middle schoolers, many a 6th grader is encompassed by the drama of the day, and sadly many of our 5th graders are being pulled into this drama orbit. Owen has shown an ability to avoid these distractions and remains unbothered by mele that unfolds in the 5th/6th grade rumor mill.

Lastly, Owen has demonstrated a great humor and artistic side that I hope he gets to continue to explore as his education journey continues. His flipbooks often crack a smile or a good-hearted guffaw, displaying a complex understanding of satire and irony uncommon amongst his peers. It has been a pleasure to have Owen as a leader amongst his peers, with a great attitude and even greater personality. I am envious of his future teachers at the next level who get to see the places his curiosity and drive take him, but I am grateful for the time that I have to see it firsthand.

Sincerely,

Corbett Molle

To the Parents and Family of Paisley Huber,

It is with great pride that I present Paisley with my Superintendent's Award for the 2025–2026 school year. Choosing a recipient so early in the year can often be a challenge, as we are still getting to know our students. However, in Paisley's case, the decision came easily. This speaks volumes about the impact she has already made—not just on me, but on her other two teachers as well, who wholeheartedly agreed she was the perfect choice.

Paisley is an outstanding student and an exceptional classmate. She consistently offers a helping hand—often before it's even asked for—and approaches every challenge with enthusiasm and determination. Even when she's unsure, she gives her best effort and never backs down. Her attention to detail in every assignment is exceptional, and she takes pride in ensuring that her work is thorough and complete.

What I admire most about Paisley is her maturity. From the first time I worked with her through cheer, to now in the classroom, she has shown remarkable growth in her decision-making. This year, she has risen above drama—a challenge that has affected this group in the past—and has remained a positive influence on her peers. She manages to be friends with everyone in a way that fosters positivity rather than conflict.

I am confident Paisley will continue to lead by example throughout the school year. Her grace, patience, and strong moral compass set her apart, and I truly believe she can accomplish anything she sets her mind to.

Thank you, Paisley, for such an incredible start to the year. You are a student I know I can always count on, and I look forward to seeing all that you will achieve.

Sincerely,

Alexia Rodriguez

To the parents and family of Lillian Chivers,

It is my honor to nominate **Lillian Chivers**, an 8th grade student, for the Superintendent Award. I first had the privilege of meeting Lillian last year in my wood shop class, and this year I am fortunate to have her again in my 7th period class. In both settings, she has consistently shown herself to be a remarkable student and a positive presence in the classroom.

Lillian brings an uplifting spirit to everything she does. She is always willing to help others, whether it is encouraging a classmate, assisting with a project, or simply sharing her upbeat attitude. Her enthusiasm is contagious, creating an environment where others feel supported and motivated to do their best.

What stands out most about Lillian is her ability to inspire those around her. She demonstrates the kind of effort, character, and joy for learning that make her a true role model for her peers. Lillian approaches challenges with determination and optimism, setting a wonderful example of how a positive attitude can influence success.

For these reasons, I believe Lillian is an outstanding choice for this recognition. She embodies the qualities that the Superintendent Award seeks to honor: effort, character, and positive engagement with both peers and staff. It is a privilege to recommend her for this well-deserved acknowledgment.

Sincerely,

Matt Smart

To the parents and family of Denise Marroquin,

It is my absolute honor to present your daughter, Denise Marroquin, with the October 2025 Superintendent's Award.

This is my first year teaching Denise, but after my first week in the district, I was told to keep an eye out for her because amazing things were to come. I specifically remember Mrs. Plagmann giving her a glowing recommendation before I'd even met Denise.

As I was moving into the classroom from being an IA, Denise was headed to Germany to take her talents abroad. Upon her return, we sat down for an hour-long interview detailing her time abroad, and that was the first time I really got to witness her ambition. About halfway through the interview, she remembered a project she was tasked with and brought it up for a quick brainstorm before hopping back into her Germany story.

I finally have Denise in the classroom this year, and what a delight it has been. Not only is Denise our High School ASB President, she is also our Red Cross Blood Program Student Leader and a photographer on the yearbook staff. Watching her handle all of those responsibilities while maintaining her schoolwork and social life is inspiring! She makes it look so effortless! She is currently enrolled in a class we have partnered with Lower Umpqua Hospital on, so we are playing catch-up with ASB before and after school. Luckily, she will be able to join the rest of her ASB team next semester.

To her parents: You have raised a remarkable young woman. A person that is thoughtful, kind, and ambitious. You should feel incredibly proud. When she sets off into the world, I know her impact will make it a better place. Denise exudes joy and inclusivity wherever she roams. Most times found with a smile on her face and a giggle in her throat, she is a beacon of positivity in our school community.

Denise, I am so proud of you and cannot wait to see what this year and your future holds for you. With your determination, you will be able to accomplish anything you set your mind to, moving with integrity and grace till the end. I'm grateful to be able to witness your magic firsthand and for the opportunity to help foster your leadership skills. Thank you for your thoughtfulness, your humor, and for just being YOU!

Reedsport is lucky to have you!

Warmest Regards,

Cormac Dailey

Alex,

Coach Watts checked in with Coach Harrington and unfortunately, he would like to wait until next season instead of ordering the pants after this season has already started. We apologize for the runaround, and we appreciate your patience!!

Subject: Athletic Report

During the past quarter, the Reedsport Community Charter School athletics program achieved several notable milestones that reflect both student dedication and program growth. Our varsity and junior varsity volleyball teams demonstrated strong performances across multiple matches, often extending play into competitive fourth sets and showing steady improvement in teamwork and resilience. The **football program** continued to build momentum despite challenging matchups, maintaining a focus on player development and sportsmanship. In **cross country**, standout runners such as *Kyle Dillahay* (19:25) and *Alex Martinez* (19:58.50) recorded commendable times at the Woahink Lake Invitational, while *Vegas Lichte* set a new school record at 23:46.20. In last Friday's football game Reedsport won. Every senior made at least one touchdown during the game with Landon Serrano making eight touchdowns. We will celebrate seniors Volleyball players on the night of October 21st and senior football players on October 24th. The Homecoming game will be October 17th followed the dance on the 18th.

Data reflects measurable progress: multiple volleyball sets were won against strong opponents, cross country runners showed reduced race times week over week, and our six man football team has maintained participation throughout the season.

Looking ahead to the next quarter, priorities include increasing family engagement at home games and expanding junior high athletic participation to build future varsity depth. The athletic department will also continue emphasizing academic accountability, teamwork, and resilience as core values across all sports.

CELL PHONE POLICY

No Cell Phone Policy:

1. **We are a cell phone free campus. No cell phones will be allowed to be used on campus from 7:55-3:44. If students have to have their phones they are to be turned off and be kept in their lockers or left in the car. If we see a cell phone on your person it is a violation. If we see you on your phone at any point during the day on campus it's a violation. If parents need to contact their student, they can call the office and we will have the student contact the parent.**

Reason for No Cell Phone Policy:

1. Cell phones are becoming a major disruption to the learning environment in every classroom.
2. There is new research indicating the addictive habit that cell phones are creating in youth.
3. Youth are becoming less able to communicate verbally with other students and adults in meaningful, appropriate ways and aren't able to connect on a relationship level because most of their interaction is done in solitude over a phone.

Violation of the cell phone policy will result in progressive disciplinary actions.

First Offense:

Student will take the cell phone and turn it into the office. Parent will be contacted and can come and get the phone or it may be released to student upon parent permission.

Second Offense:

See above and student will serve a 30 minute detention.

Third Offense:

See above Parents must come and pick up the phone and student will serve a 60 minute detention

Fourth Offense:

See above we will have a parent meeting and student must serve a Friday school.

CHEATING

One of the responsibilities of the school is to promote honesty and integrity on the part of students. Cheating will not be tolerated. **A student observed by any staff member cheating (such as supplying information to another, copying tests or homework, plagiarism, forging names, or obtaining test answers beforehand) will receive no credit on the assignment and a parent will be notified by the teacher. Furthermore, in the event of a second offense, the following may occur: loss of credit, or suspension and a parent conference.**

CLUBS AND ORGANIZATIONS

Student clubs and performing groups such as the Shop Club, Gaming club, Drama may establish rules of conduct - and consequences for misconduct - that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization. Students in clubs and organizations may be required to be drug tested as a part of Board policy JFCIA.

9. Transportation for participants to and from out-of-town contests/activities is provided by the school district. Team members are to travel with the team to the out-of-town contests/activities and also return with the team. The only exception will be with prior parental arrangement or with personal arrangement by the parent with the coach/advisor allowing the parent to provide return transportation. The coach/advisor will make the final decision.
10. A student is expected to practice with the team when suspended for a drug/alcohol/tobacco suspension. **A athlete may not practice when academically ineligible unless they have attended tutoring** or suspended from school for disciplinary procedures.

1. What is Title III

Title III of the Every Student Succeeds Act (ESSA) provides federal funds to ensure English Learners (ELs) attain English language proficiency and meet the same academic standards as all students. Districts must demonstrate that they use effective language instruction educational programs (LIEPs), provide qualified instruction, and measure annual progress in English proficiency (through assessments such as ELPA 21 in Oregon).

2. When No Title III/ESL Teacher Exists

A district can still comply with Title III if it implements a classroom-based instructional model supported by training, materials, and monitoring. This means EL services are delivered by the general education (homeroom) teacher using linguistically accommodating and standards-based instruction, with the district providing training and oversight.

3. Acceptable Classroom-Based Models

Reedsport School District has integrated elements of each of the models listed below.

Model	Description	Example in a Homeroom
Sheltered Instruction (SIOP Model)	Integrates language and content instruction; emphasizes vocabulary, visuals, and interaction.	A 4th-grade teacher explicitly teaches science vocabulary (e.g., 'evaporation') using visuals, sentence frames, and cooperative learning.
Integrated Content & Language Instruction	The homeroom teacher embeds English Language Development (ELD) strategies into regular lessons.	Daily mini-ELD routines such as oral language warm-ups or structured writing frames.
Push-In Support	A paraprofessional or trained aide assists during key lessons.	An instructional assistant supports vocabulary reinforcement during literacy block.

4. District Compliance Steps (Without a Title III Teacher)

To meet compliance standards, the district should:

- A. Document a Language Instruction Program: Clearly identify the instructional model (e.g., Sheltered Instruction). Ensure the program is research-based and effective per Castaneda v. Pickard (1981). Include it in the district’s Title III and Continuous Improvement Plans (CIP).

Reedsport School District
Title III Report 2024-2025

- B. Provide Professional Development: Train all teachers in SIOP, GLAD, or other sheltered strategies. Maintain logs, agendas, and attendance sheets.
- C. Provide Meaningful Access: Ensure ELs receive comparable instructional time and materials. Translate communications and provide interpreters per Title VI and Lau v. Nichols (1974).
- D. Monitor Student Progress: Use ELPA 21 growth data and classroom-based assessments. Track interventions and reclassification documentation.
- E. Fiscal and Program Compliance: Title III funds must supplement, not supplant, core instructional programs. Use funds for training, materials, family engagement, or curriculum supports.

5. Reedsport School District Compliance Practice & Summary

EL learners district-wide:

Fall 2023-6 Spring 2024-8

Highland Elementary School – 5 RCCS – 3

Summary: Of the eight EL learners, one student has exited, and we will continue to monitor them for a period of three years. All eight EL learners showed growth in one or all domains of reading, writing, and speaking. All EL learners' dominant language is Spanish. There is one student who is on an IEP. The program used was the National Geographic Program.

Compliance Plan:

- Adopt the SIOP Model as the district's LIEP. Our goal as a district is to achieve 100% SIOP training within a three-year period.
- Provide annual professional development in SIOP and cultural competency.
- Homeroom teachers deliver integrated English language instruction daily.
- Use Title III funds for language-rich curriculum and training.
- Maintain progress monitoring records (ELPA 21 growth, work samples).
- Designate an EL Coordinator to ensure oversight, parent communication, and documentation.

6. Summary: Key Compliance Essentials

Requirement	How to Meet It Without a Title III Teacher
Language Instruction Program	Implement a research-based integrated model (e.g., SIOP, GLAD).
Qualified Instruction	Provide PD for general ed teachers and document completion.
English Proficiency Monitoring	Use ELPA 21 and local data; maintain progress files.
Parent Communication	Translate notices, provide interpreters, and involve families.
Fiscal Accountability	Use Title III funds only to supplement (not supplant) services.

OSBA Model Sample Policy

Code: JFCEB
Adopted:

This policy is being provided as a courtesy and there may be changes before OSBA officially releases (likely the week of August 11, 2025).

Personal Electronic Devices */**

{This policy is required by ORS 336.840 and EO 25-09. EO-25-09 requires policy to be in place by October 31, 2025, with full implementation by January 1, 2026.}

Student [possession or] use of a personal electronic device is prohibited from the start of regular instructional hours until the end of regular instructional hours, except as provided below. [Personal electronic devices can be used when students are not on school grounds and are not under the supervision of school personnel (other than a school bus driver)¹.]

Except as otherwise provided in this policy, “personal electronic device” means any portable, electrically powered device that is capable of making and receiving calls and text messages and accessing the internet independently from the school’s network infrastructure.^[2] This includes headphones and earbuds attached to personal electronic devices. This does not include a laptop computer or other device required to support academic activities.

Personal electronic devices may be used when use complies with the terms of:

1. The student’s medical provider’s order for the care and treatment of a medical condition;³
2. The student’s individualized education program, as defined in ORS 343.035 or an education plan developed for the student in accordance with section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794);⁴
3. A written exemption provided for the student based on a request received in JFCEB-AR. School administration will respond to such a request within [ten] school days.⁵

Personal electronic devices [must be placed in district-provided pouches or storage] [may be kept by students in lockers or backpacks, but personal electronic devices are not to be stored on the student’s person or in the student’s clothing][may be stored on the student’s person, but may not be used] during regular instructional hours.

¹ If students are under the supervision of school personnel other than a school bus driver, the use of personal electronic devices is prohibited during regular instructional hours. {ODE’s document *Fostering Student Learning, Well-Being, and Belonging* provides that districts have discretion related to field trips. The district could include language regarding field trips here.}

² [ODE’s document *Fostering Student Learning, Well-Being, and Belonging* provides “This includes personal electronic devices that can make calls, send texts, or access the internet via cellular data are restricted. This includes smartphones, web-enabled flip phones, cellular-capable tablets and e-readers, smartwatches, smart glasses, and connected headphones or earbuds. This does not include laptop computers or other devices required to support academic activities.”]

³ JFCEB-AR must be submitted to the building administrator, along with a copy of the order.

⁴ If use of the personal electronic device is included in the individualized education program or education plan, JFCEB-AR submission is not required.

⁵ JFCEB-AR must be submitted to the building administrator.

Students in violation of this policy will be subject to disciplinary action. Discipline for mere possession or use of a personal electronic device may not include loss of instructional time for the student (suspension or expulsion), but could include [detention, Saturday school, etc.]. However, if the actions taken by a student violate another conduct policy, the student may be subject to discipline up to and including expulsion.⁶ [Steps may include:

1. First instance of Noncompliance: staff will give the student a verbal reminder of the policy and expectations to reinforce appropriate use of personal electronic devices;
2. Second Instance of Noncompliance: the device will be temporarily confiscated and held at the front office until the end of the school day. Parents or caregivers will be notified, and a meeting with school administration may be scheduled to discuss ways to support the student;
3. Third Instance of Noncompliance: the device will again be temporarily held, and parents or caregivers will be informed. A meeting with school administration and family will be arranged to review the policy and plan for improved compliance;
4. Beyond Third Instance of Noncompliance: If non-compliance continues, schools will determine additional appropriate consequences, always prioritizing keeping students in class and engaged in learning.]{⁷}

Necessary communications between students and parents or caregivers can be made through the school office.

The superintendent or designee shall ensure this policy is posted on the district website and made available to district personnel, students, parents, guardians, partners who are in school buildings during the school day, and the Oregon Department of Education.

In accordance with ORS 336.840, students may be allowed to use personal electronic devices⁸ that support academic activities and independent communications⁹, except as prohibited by this policy. In academic activities in which a personal electronic device is required as part of the curriculum, students may be allowed, but not required to use their own personal electronic devices for that portion of the curriculum. Students using their own device must be granted access to any applications or electronic materials that are available to students who do not use their own personal electronic devices. These applications must be free of charge if students who do not use their own devices have access free of charge.

Requests for exemptions to this policy can be processed in accordance with JFCEB-AR, Request for Personal Electronic Devices Exemption. Appeals can be filed with the superintendent in accordance with KL-AR, Public Complaints.

⁶ For example: a student could be disciplined with lost instructional time for using a personal electronic device to bully another student. Discipline will be in accordance with Board policies.

⁷ {From guidance from the Oregon Department of Education. Consider whether these procedures apply at all grade levels and whether this much detail is desired in policy.}

⁸ The use of “personal electronic device” in this paragraph comes from ORS 336.840, which does not define the term. However, the definition in EO 25-09 wouldn’t necessarily apply. Consequently, items like laptop computers or other devices required to support academic activities would likely be considered personal electronic devices within this paragraph.

⁹ “Independent communication means communication that does not require assistance or interpretation by an individual who is not part of the conversation, but that may require the use or assistance of an electronic device. ORS 336.840(1).

IX. REPORTS

- A. Assistant Business Manager – Josh Cook, South Coast ESD

1. The district will start the audit process, and we will have our auditors join us to share the audit findings at a meeting later this year.
2. Josh Cook Presentation on Student Population and State Funding.
 - a. Oregon's public schools serve 35,237 fewer students (-6.1%) than in 2019–20.
 - b. While most districts (54%) are small (<1,000 students), most students (54%) attend large districts (7,000+), giving larger districts stronger influence.
 - c. Statewide, K-12 population is declining (-1.3% annually) as the population ages, reducing community and voter focus on education. Our local student population is declining faster than the state average.
 - d. Funding estimates are based on enrollment forecasts; actual amounts are calculated in spring.
 - e. Last year, the district adjusted its estimate from, which reduced funding.
 - f. Some districts in Oregon are being forced to close schools and consolidate. While all districts are facing challenges, the data shows the situation is especially difficult in our area.
 - g. To prepare for 2025–26, the district is planning conservative spending to avoid owing money back to the state.

B. Superintendent Report – Jon Zwemke, Superintendent

1. Integrated Guidance 24/25 Report

- a. Every two years, each district develops their Integrated Guidance Plan for review by Oregon Department of Education (ODE). Each year, the district reports to ODE on what was implemented and the outcomes achieved.
- b. The Integrated Guidance Grant is a non-competitive state grant. While all districts receive the funds, the state sets rules for how the money must be spent and how outcomes are reported.
- c. Those dollars go towards things like professional development of staff, the funds for our School Resource Officer (SRO), Career and Technical Education (CTE), Guidance Counselor, Nurse, School Psychologist, and Early Literacy (K-3rd).

2. Integrated Guidance 2025 - 2027 Biennium Plan

- a. One of Josh Cook's duties at the ESD is to assist districts in managing grants, ensuring funds are used appropriately and accurate reports are provided at the close of each grant.
- b. The board reviewed the IG Plan presented and there were no additional questions.

3. JFCEB – Personal Electronic Devices Policy Update Deadline 10/1/25

- a. Jon Zwemke went through the proposed policy draft from Oregon School Board Association (OSBA) policy department.
- b. Board requested 3rd reading with suggested changes be presented for adoption at the October Regular Board meeting.

X. CONSENT AGENDA
